---

Sorry – I added everything to each (so no need to adjust), so there was copying and pasting.

**Subject:** RE: Colfax sampling cost estimates

Additive or cumulative? I should add up all three to get the 1-mile?- the 1-mile estimate says 0.5 in the write-up

**Subject:** Colfax sampling cost estimates

Hi Brenda – attached are the rough estimates I came up with for the 0.25-mile sampling, 0.5-mile sampling, and 1-mile sampling scenarios. These are very rough and make a lot of assumptions concerning how much time things will take. Let me know if you have any questions or need anything additional – thank you - Michelle
